## MY WORD

By DOROTHY LARIMER

Albany's annual Battle of the Budget is nearing an end. A tax increase is inevitable. Property owners will have to make up some of the money lost to the city because of decreased sales taxes. If you have trouble balancing your household accounts, pity the poor City Councilmen, who have to slash about \$60,000 from a preliminary budget which wasn't at all extravagant.

According to city fathers, everything is going to be affected by the slashes.

It is a fiscal fact of life that if everyone in Albany shopped in Albany, the sales tax picture wouldn't be so bleak. It's a safe bet that Albany dollars have helped pay for new street lights and civic improvements in neighboring cities.

Quite a group attended Albany Day at the Pleasanton Fair last Thursday. A good time was had by all, even those of us who got stomach aches from the carnival rides and lost money at the races.

Although no prizes were awarded for city exhibits, those of us from our town figure we had the best of the lot. Maids of Albany, circa 1962 and 1912, Lorene Baum and Jo Ann and Carol Keck, attracted lots of attention in their contrasting swim suits. Raul Miranda, looking dapper as the "barker" for Albany, presided at our exhibit and told about Albany during the entertainment that night, when dancers from the DuMont Studio were featured in a great show before a packed house.

If you were planning to attend the Adult Education News Writing class tomorrow night, don't. It's been cancelled because we didn't have the necessary enrollment. If you'd be interested in such a class in the fall, drop me a line or call, giving your preference as to time of day and day of week. We'll see what we can do.

## Smith, Prather Plead Guilty In Sam's Case

Vern Smith and Charles Prather pleaded guilty to the May 26 robbery of Sam's Pharmacy and shooting of Sgt. Carl Lindh in Oakland Municipal Court Monday.

Police Chief Ralph Jensen, Mrs. Bernard Mander of Sam's, and Sergeant Lindh heard Smith plead guilty to two counts of robbery, assault with a deadly weapon and assault with a deadly weapon upon a police officer, and Prather admitting to assault on a police officer and robbery.

## Sgt. Carl Lindh Sees Action

### First Day of Work

Sgt. Carl Lindh, who returned to his duties with the Albany Police Department Saturday, found action on his first day.

He and Officer George Sartain were on patrol when a call came at 9:45 p.m. that the burglar alarm at Eddie West's Outboard Motors at 1041 San Pablo Avenue had sounded.

Lights out, the officers drove to the business. Lindh went around to the front and Sartain went to the back. As Sartain was squeezing through a board fence, he heard Lindh blow his whistle and shout, "Here he comes, George!" The man, Jose Giordani of Berkeley, halted when he reached Sartain, who had his shotgun in position. Lindh handcuffed the prisoner and took him to Albany jail.

Later, officers found Giordani had entered by breaking the window on the door and reaching through to unlock it. He had dragged an outboard motor about eight feet out the back door and was on his way to get his car to load it.

Giordani confessed the burglary and also admitted taking about \$75 worth of tools from Jack Johnson Motors at 1031 San Pablo on July 13.

It was learned he had a fairly extensive juvenile record, was currently on parole and had been arrested previously for a Berkeley burglary. He said he had been living in his car.

Bail was set at \$4,200. Sergeant Lindh was seriously wounded May 26, when shot by robbers at Sam's Pharmacy.

## Juveniles Caught Following Liquor Theft

Six juveniles, three from Berkeley and three from Oakland, have been apprehended for the theft of two fifths of whiskey from Michael's July 13 and for hit-run property damage as they were getting away.

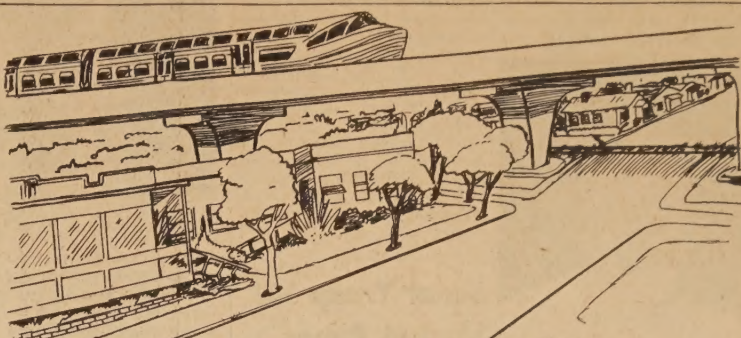

Three of the youths were arrested by Berkeley police about an hour later for possession of liquor when they were found drinking a bottle of Michael's whiskey in a parked car.

The driver was charged with hit-run property damage. As they were making their getaway, the car jumped the curb at Washington and Pomona, damaging a lawn and knocking down a street sign.

ARTIST'S CONCEPTION of the Rapid Transit elevated going past the intersection of Masonic and Marin. Florence Fossellus drew this picture because there was nothing available to depict Rapid Transit through Albany. Trains will be traveling at high speed every 90 seconds during peak periods. The building at lower left is Albany Hospital. Homes between the Santa Fe tracks and Masonic Avenue will be removed.

## RAPID TRANSIT OFFICIALS URGE FAVORABLE VOTE IN NOVEMBER AND THEY'LL TALK ROUTE 'LATER'

Officials of the Bay Area Rapid Transit District Thursday night told officials of three cities to vote for the proposed bond issue in November and the district will ease what it can do later about a route near the freeway.

Barry Runkion Jr., chairman of Albany's Rapid Transit Citizens Committee, is anything but happy over the outcome of the meeting.

"There's only one thing to do," he said, "and that's to beat it on the ballot."

Seven or eight officials of the Transit District met at the school administrative office last Thursday to discuss an alternate route near the freeway with officials of Albany, El Cerrito and Berkeley. The transit group had earlier attended a meeting of the Contra Costa County Board of Supervisors, coming to the Albany meeting at the request of Alameda County Supervisor Kent Pursel, who chaired the discussion.

Although the meeting was an official one and had not been planned as a public hearing, many spectators attended, sitting inside the small board meeting room, while officials were forced to sit in the hallway near the door.

El Cerrito Mayor Dewayne Bobbitt objected to the routing along the Santa Fe right-of-way, saying necessary removal of

## P & Z Commission Approves Four Applications

Members of the Planning and Zoning Commission approved four applications during their regular meeting July 10. Three members, Chairman Robert Luoma, Carl J. MacWilliams and Norman Jacobson, were present. H. F. Call was out of town and Norman Faulkner, unable to attend.

They granted a use permit to Safeway for the proposed new store on Solano, holding up architectural approval because the sign proposed is not in compliance with the ordinance.

A home application license was granted Robert Graham of 953 Neilson for a hose guard business. Commissioners gave Harry's Nursery of 518 San Pablo permission to construct a storage shed, and granted a variance to Hill Lumber Company to construct a roof over stacks of plywood.

A request to rezone Golden Gate Stucco Company to R-3 was considered and August 14 was set as the date for the public hearing.

homes for the elevated and two parking lots would cost his city upwards of \$800,000 worth of land removed from the tax rolls.

Before the evening was over, he walked out, expressing his opposition and promising to fight actively against it.

Berkeley officials objected to any aerial construction, although that city is to have subway for a portion of the route.

Berkeley Councilman John DeBonis branded the system as "a plan to take people out of Berkeley into Oakland and San Francisco."

Much of the three-hour meeting was taken up by Transit of

## University Village Topic for Second Chamber Luncheon

The second monthly public luncheon sponsored by the Albany Chamber of Commerce is scheduled for next Wednesday noon. The place of the luncheon will be announced in next week's issue of the Times.

Because the Chamber is sponsoring "Project Friendship University Village" in September, the speaker selected for the July luncheon will be a student living in University Village. When "Project Friendship" is launched, its primary objective will be to introduce Village residents to Albany merchants and to familiarize them with the advantages of shopping in Albany.

"We want them to know they are part of our city and that we wish to help them in any possible way," Ken Murdoch, Chamber manager, said.

Further information concerning the luncheon may be obtained by calling LA 5-1771. Informative mailings will go to all business places.

Dr. Arthur Longpre is chairman of the luncheon next week.

## Count 207 Flags Displayed July 4

Joe and Martha Jeans, who are in the real estate business in Albany, wondered how many flags were displayed in Albany on the Fourth of July. They decided to drive around and count them.

Their two-hour block-by-block tour of the city east of San Pablo Avenue resulted in an actual count of 207 flags. They were most pleased with the 1000 block on Evelyn, where 27 flags were out. The most disappointing: Washington from San Pablo to the Berkeley line, where they failed to see one.

They plan to repeat the tour next July Fourth.

## Safeway Approved In Stormy Hearing

### What the People Said at Hearing

It would be impossible to chronicle everything that was said during the public hearing on Safeway Monday night, but following is an attempt to give readers an idea of opinions expressed, pro and con.

Among those speaking in favor of Safeway were photo shop owner Fred Lennox; W. J. Smith; Eleanor Miller ("We need Safeway; Safeway doesn't need us"); Hugh Driftmeyer of Shaw Hardware ("If something doesn't happen to stimulate business, you're going to have on more vacant store"); Realtor J. P. Condon; Anthony Rinna ("If you don't allow Safeway to come in, we might as well close up the tomb and everybody disappear"); Earl Hazelton; Planning and Zoning Chairman Robert Luoma (charging the former council gave away land for the Blind Center and now the same people refuse to support a new store which means added sales tax);

June Ryan (expressing disgust at Albany's "opposing clique," which "is against almost everything." She said Albany was first approached by Albert Lovett Company when it was looking for a shopping center site. "El Cerrito got the Plaza and we go nothing"; V. M. Chester, reminding the Council that many cities go down the drain because they refuse to let industry come in.

Speaking in opposition were Mrs. Zahn, R. G. Buckwalter (questioning why Safeway had tried to obtain property on San Pablo originally if it is not desirable, adding that San Pablo was rezoned for them); William Culley, (questioning the legality of Council action at this time, urging that the matter go back to Planning and Zoning because it does not conform with existing ordinances. "It's like a doctor feeding a patient a little poison to get him well"; Howard Rolfe, asking if the store would be like one on Telegraph "to bring in unnecessary trade"; Ben Barr, asking if thought had been given to extra street repair which will be necessary because of heavy trucks; Shirley Parr, expressing concern for the future of the city. She said 110 spot zonings were passed in 10 years and there have been none in the past two years. "If this goes through, others will follow."

Written protests were signed by Mr. and Mrs. C. W. Koch, Mr. and Mrs. C. A. Hackett, Mrs. M. Haumann, Alice W. Neilson, Mr. and Mrs. T. O. Norvell, Mr. and Mrs. V. C. Brandt, Call and Faulkner.

A letter favoring Safeway was distributed to Councilmen by Mrs. D. M. Sandifur.

Safeway Stores squeaked through the City Council Monday night by a 3-2 vote on its application to reclassify the property on Solano Avenue between Curtis and Neilson from single family residential to commercial expansion.

The vote climaxed a stormy two-hour hearing in a packed Council Chamber and was followed by the most enthusiastic applause of the evening. Mayor Joel Parker and Councilmen Lewis Howell and Joe Egenberger voted in favor and Councilmen George Hein and Joe Carlevaro voted no.

During the public hearing, speakers were almost evenly divided pro and con. Mayor Parker limited speakers to five minutes and a new subject. This was generally acceptable to the audience, although at one point Ralph Buckwalter was gavelled down and threatened with removal from the chambers when he took exception to remarks by Nick Reckas, who labeled those who distributed a sheet over the weekend in opposition to Safeway as "big bullfrogs in a little pool," adding, "It's time we threw them out."

### HEATED EXCHANGE

When Buckwalter rose to protest, the mayor informed him he had already had his say.

"He called me a bullfrog," Buckwalter said.

Mayor Parker said Reckas had mentioned no names, but Buckwalter insisted he had a right to

defend himself and his friends in a public hearing.

The mayor threatened to have him removed if he did not sit down.

Ann Carmichael stood, accusing the mayor of "blatant partisanship in conducting this hearing."

"It's odious," she concluded.

Former Mayor Kathie Zahn was the first speaker, protesting Mayor Parker's decision to put aside a letter left on the city clerk's desk because it was not properly presented. She offered to read the letter. The mayor ordered the city clerk to read the communication in protest of rezoning, signed by a group of residents in the area. There was on other written protest.

Mrs. Zahn said Safeway is forcing itself on the district, adding that Rapid Transit and Safeway are "trying to destroy us."

### MINORITY REPORT

H. N. Faulkner, vice chairman of the Planning and Zoning Commission, filed a minority report from the two dissenting members of the commission, himself and H. F. Call. He urged the Council to freeze all zoning until Albany has a master plan. The report said the city should not break the zoning ordinance, which too "20 years of the city's time and money," without professional advice. It stated that spot zoning is like a cancer, and intimated the commissioners who had served only four weeks and three months respectively were not competent to decide on the matter as those opposed, who had two years experience. The report charged the city would lose control if the request were granted.

Safeway Attorney Bestor Rolinson assured the audience that the city would not lose control by granting the request. He said Safeway accepts all conditions and that its primary aim is to help stimulate a modern business district to compete with El Cerrito.

Other opinions expressed during the public hearing, which lasted almost an hour, are carried in a separate story.

### MOTION

Following Administrative Officer James B. Turner's rundown of the reclassification from R to CE-3 requested by Safeway, Councilman Egenberger moved that the city attorney be instructed to draw up the necessary papers to reclassify the property.

The motion was seconded by Howell, who admitted that Safeway was a bad word to him (because he is affiliated with Paul and Shop), but as chairman of the finance committee, he realized Albany is strapped. He said a modern market on Solano would bring people to the area every day and would help other merchants.

Carlevaro, displaying pictures of vacant buildings adjacent to and across the street from other Safeway markets, said Safeway may make a difference in the economy of the area, but it is not the total answer. He stressed it

"Knowing Jesus" is the theme for this summer's 2-week Vacation Bible School at Bethany Lutheran Church, 1744 University Avenue, Berkeley, beginning on July 23. The course will aid pupils in coming to a better understanding of and a closer fellowship with Jesus Christ, the founder and leader of the Christian religion. Story-time and craft-time will feature Japan, using facts and artifacts of life and mission work there.

Meeting each weekday from 9:30 a.m. until 12 noon, pupils and teachers have the unique opportunity of spending 25 hours together in only two weeks. As a result they get to know each other and the material very well. Children also find Bible School a pleasant change from their other summer activities.

Mrs. Pat Winston will supervise the Junior-Junior High department with classes for fourth-through ninth-graders. In their craft period they will continue a project already under way of making mosaic plaques of church symbols to be eventually installed in Bethany's fireside room.

The Primary department under leadership of Mrs. Philip Ellman and Mrs. Richard Anderson will provide classes and crafts for first-through third-graders. For one of their projects they will complete an unfinished story "Joel Becomes a Disciple." The student's grade finished in public school determines his grade in Vacation Bible School.

Showgoers will find many of their favorite artists and craftsmen displaying their work in this festival. There will also be many producers in "lost arts," such as embroidery and hand wood carving.

According to Mary Ann Vincent, chairman of the festival, "Just as in European fairs, producers are invited to bring their pots, fabrics or paintings and bargain directly with the public. The public in turn will be free to determine its likes and dislikes without any pre-judging."

The art of folk music will also be present. Folk singers will stroll through the displays throughout the day.

The Arts and Crafts was formed in 1959 to enable artists and craftsmen to have their own means of selling their work. Buyers were also welcomed as members in the belief that there should be a clear relationship between producers and consumers. "We believe," Mrs. Vincent says, "this close relationship will increase the appreciation of fine arts and excellent craftsmanship."

### Safeway Public Hearing

(Continued from page 1)  
need for a master or general plan.

**CHARGES AGITATION**  
Egenberger pointed out that Safeway could come in, under the present ordinance, by building the store fronting on Solano and obtaining a use permit for parking in the rear. He said Albany must be a community where any investor is free to invest his money and take his chances on success or failure. He said he had heard some members of Planning an Zoning and Councilmen had been agitating against Safeway and that if they cannot vote with an open mind, they should abstain.

Councilman Hein said he is surprised Safeway will try to tell Albany how to change its ordinances. He said business conditions on San Pablo are as bad as on Solano.

### Heart Booklet Available

kinds of heart disease can be frightening to both patient and family members unless the problem is properly explained in simple terms. This is why the Alameda County Heart Association is offering free booklets about various kinds of heart disease. They are written in terms the average person can understand and accept.

This month the Association is offering the booklet "Facts About Congestive Heart Failure." The purpose of the booklet is to correct public misunderstanding of the term 'heart failure' and to create a hopeful atmosphere for patients who are being treated for it. Actually, the term does not mean that the heart stops beating. A failing heart continued to work, but less efficiently than it should. Medical science has found ways to strengthen the heart and to help patients control their heart failure.

In a series of questions and answers, the booklet explains what happens in congestive heart failure, the signs and symptoms, the causes leading to it, the treatment prescribed, and the favorable response of most patients to a regimen of care.

To order the free booklet, or to make arrangement for the program, call Alameda County Heart Association at HI 4-3564 or write 121 E. 11th Street, Oakland 6, and ask for "Facts About Congestive Heart Failure."

Howell reminded others that the tunnel soon will be opened into Solano, which should result in increased traffic on that street. Hein again objected to changing the ordinance just to help Safeway. At this, Egenberger said that if it is interpreted so rigidly with no give and take, "we're saying a few people thinking in the abstract have come up with all the answers for all time for Albany."

**BUDGET CUTS**  
Mayor Parker said ordinance 61-11 was to open up commercial development in Albany and that Safeway's application is the only one the city has received. He said the Council has had to cut more than \$80,000 from the budget, representing "good, valid requests from department heads." He said there is no provision for pensions, replacing sewers, improving city streets or fire and emergency.

"How far can we go down this road to destruction?" he asked. "We'd better wise up and become familiar with the facts of life. Other communities would welcome Safeway with open arms. We're going to have to do something progressive or stagnate..." The vote was taken and a recess was called shortly before 10 p.m.

### Ex-Mayor Improves Bus Service

MRS. ZAHN

Even though, Mrs. KATHIE ZAHN is not a member of the City Council anymore, she still has the interest of Albany's citizens at heart.

It was last year in the early spring, that Mrs. Zahn wrote a letter to the Board of Directors of the Alameda-Contra Costa Transit District requesting:

a) DIRECT service to and from Albany to San Francisco on the "F-bus" line during the evening and night hours;

b) DIRECT service to and from Albany to San Francisco on the "F-bus" line during the DAY-TIME on Saturdays. (At that time people wanting to go to San Francisco from Albany during those hours and on Saturday had to TRANSFER to the "43 or 43A bus" to reach an "F-bus.")

c) a 20 cent fare instead of the 50 cents fare per trip for children over 13 to 17 years of age to and from San Francisco. (The lower 20 cents rate applied already to children UNDER 13 years.)

d) extension of the "35 EXPRESS Oakland bus" into Albany; (presently the bus leaves at THE Alameda & Solano Ave. in Berkeley and people wishing to use it, have to use the "43 or 43A-bus" to get to it.

She appeared at various times at Board meetings and explained WHY her requests should be given consideration.

Last year in August, the Board of Directors of the Transit District GRANTED Mrs. Zahn's request for DIRECT Saturday service and DIRECT evening and night service to and from Albany to San Francisco on the "F-bus" line. Mrs. Zahn, whose birthday is on August 8th, was elated and

considered it a birthday present. Early, this year, she ONCE MORE took up her campaign and again wrote a letter to the Board of Directors urging them to REDUCE the fares for children between the age of 13 and 17 on San Francisco buses; thereby enabling more children to take advantage to ride more frequently to San Francisco during the summer vacation. On April 18, of this year the LOWER rates were APPROVED.

The result is, that children between the age of 13 and 17 years NOW riding from Albany, Berkeley, Oakland, Alameda to and from San Francisco pay ONLY "20 cents instead of the former 50 cents per trip, and from Hayward instead of the former 70 cents only 25 cents per trip"; thereby making a SAVING of 60 cents from Albany and 90 cents from Hayward on a roundtrip.

Incidentally, it was Mrs. Zahn's SINGLE HANDED efforts a few years ago, that brought the "F-bus" into Albany, during the hours of 9 a.m.-3:30 p.m. on an half hourly basis Monday through Friday.

To quote Mrs. Zahn: "Albany NOW has excellent bus service to and from San Francisco seven days a week; good service to Berkeley and Oakland on the "43 and 43A-line," should my request for DIRECT service to Oakland

on the "33-EXPRESS-line" to from Albany be granted, our service here would be perfect.

## Albany Police Department

OFFICER TERRILL

Officer Ray Terrill joined the Albany Police Department April 1, 1955, and was selected juvenile officer by Chief Ralph Jensen on June 1, 1957. As juvenile officer, he is responsible for investigating all crimes committed by or against youth.

In addition to his full-time job with the department, Terrill is in his third year at the University of California, where he is majoring in criminology.

Born September 28, 1931, in Missouri, he was graduated from high school in St. Louis. Follow-

ing his marriage in St. Louis in 1951, he and his wife came to California, where he took his basic training with the U.S. Marine Corps. While he served two years as a radioman, mostly overseas, his wife lived in Martinez with his mother. He later spent six years in the reserves.

Although Terrill had no intention of going into police work, he had several friends who were policemen. They convinced him he would like the work, so he took the exams and Albany was the first department to call him.

Officer Terrill and his wife, Bernieta live in Richmond Annex with their three children, Jacqueline Sue, eight; Regina Ann, six, and Mark Keith, five. When he isn't on duty or attending university classes, the police officer prefers to spend his time with his family. They frequently go camping or on picnics. He is very interested in sports of all kinds.

The juvenile officer is a member of the Albany YMCA, advisor to the group representing the Governor's Conference on Youth for Community Service, a member of the All-Teen advisory council, Northern California Juvenile Officers Association, California State Juvenile Officers Association, and is a graduate of the Delinquency Control Institute at the University of Southern Cali-

## Rapid Transit

(Continued from Page 1)

Alameda County Supervisors were to consider approving the \$792 million bond issue for the November ballot following a public hearing yesterday. There was a possibility the vote would be postponed until a report has been received from the county highway advisory committee, which is considering effects of Rapid Transit on other transportation facilities.

Transit officials tentatively offered to seek legal advice on the possibility of changing the routing after the bond issue is approved in November, urging those present to support it in the election.

At least one Albany citizen has her answer to that suggestion. She is wearing a lapel pin bearing these words: Bay Area Rapid Transit: "Beat it on the Ballot."

There was a possibility the vote would be postponed until a report has been received from the county highway advisory committee, which is considering effects of Rapid Transit on other transportation facilities.

It's the pitcher of health!

Keep milk on your table and two good things happen. First, your favorite foods taste even better. More important, your meals are more likely to be balanced in essential nutrients. Milk supplements the nutrients you get from meat, vegetables and cereal foods. That's why milk and dairy products are one of the four basic food groups you need daily for balanced nutrition. Remember, you never outgrow your need for the nutrients in milk. Drink three glasses every day.

## Officer Zentner Breaks Foot Chasing Ivan Here

Albany Police Officer Edward Zentner broke a bone in his foot last Tuesday night while chasing Roy F. Kitchell, 23, of Richmond, wanted by neighboring police departments for traffic violations.

Zentner gave chase on foot after an Albany resident pointed out a man acting suspiciously. The man leaped a fence, followed by the officer, who broke his foot in the 10-foot drop into the next yard.

Later, other officers discovered the man hiding in the yard at 615 Madison. Police Officers Bernard Johnson and James Simmons halted him by firing warning shots. Kitchell was handcuffed and turned over to Richmond and El Cerrito officers.

Officer Albert Cranfill suffered a shoulder injury while water skiing and is currently off duty, but Sgt. Carl Lindh, wounded during the robbery of Sam's Pharmacy, returned to work Saturday.

**JAMES W. SHOEMAKER** of Albany has been appointed to the California Highway Patrol and assigned to the Patrol's Training Academy in Sacramento. The 68 members of the current class are the first to undergo 16 weeks of cadet training. The course has been extended from the previous 12 weeks to include more field trips, instruction in effective communication and the history of administration of justice, and more participation by cadets in the practical application of skills studied in the classroom.

## THANKS FOR WRITING!

The Times:  
noticed on the front page of  
July 3, edition of the Albany  
Times a report of a community  
program for the celebration of  
Independence Day. I was most  
pleased to note that the theme  
of the program was "Physical Fit-  
ness through Recreation."

was, on the other hand, dis-  
satisfied that two items on this  
page were eating contests: the  
watermelon eating contest and  
the watermelon eating con-  
test. May I suggest that any-  
thing which might encourage  
children or adults to eat either  
much or too fast is not in  
keeping with the theme of the  
program, "Physical Fitness  
through Recreation."

I am sure that this error was  
unintentional and that it might  
have been avoided had the Al-  
bany Health Department been  
consulted in the planning of the  
program. Since, if physical fit-  
ness is to be an aim or ideal of  
the program, shouldn't all as-  
pects of health be considered?  
Shouldn't professional health  
workers be consulted as to  
other all aspects of health and  
wellness being considered in  
the planning of a community pro-  
gram which states as an aim that  
physical fitness?

Some of the things which makes  
the program so interesting is  
the fact that it is a community  
program. It is a program which  
is designed to bring people  
together and to help them  
improve their health and well-  
ness. It is a program which is  
designed to be a part of the  
community and to help the com-  
munity improve its health and  
wellness.

Editor, The Times:  
Children's Home Society wishes  
to thank you and your paper for  
your wonderful cooperation in  
publicizing our Decorators Show.  
We felt the publicity and pictures  
were outstanding this year. We  
realize this would have been im-  
possible without your assistance.

You may be interested to know  
the project was quite successful  
financially, so many children will  
benefit from all the hard work  
everyone put into the event.

Our deepest gratitude to you  
for your help in this venture and  
for your continuous assistance in  
our work.

AAUN Official  
Visits World's  
Fair, Canada

Dr. Florence Harris, vice presi-  
dent of the Berkeley-Albany  
Chapter of the American Asso-  
ciation for the United Nations,  
and her sister, Clara Gray, of  
1056 Stannage Avenue, have re-  
turned from a visit to the Seattle  
World's Fair and Victoria and  
Vancouver, British Columbia.  
They drove both ways, enabling  
them to stop along the way  
to meet with people and groups  
interested in organizing new  
chapters for the AAUN in North-  
ern California.

Besides her office in the local  
chapter, Dr. Harris is vice presi-  
dent of the Northern California  
State Council for AAUN, in  
charge of chapter extension. She  
predicts that, due to the upsurge  
of interest in, and support for the  
UN that she meets on every hand,  
the membership in the AAUN  
will double this year in Northern  
California.

While in Seattle, she visited the  
AAUN booth at the Fair. It is  
beautiful, rated by many people  
as the best exhibit there, and the  
Seattle Chapter, AAUN, deserves  
a vote of thanks from all AAUN  
members for the outstanding job  
they have done in making the  
booth so attractive. Adlai Steven-  
son, U. S. Ambassador to the  
U.N., dedicated the booth on June  
19, and posed for pictures for  
Dr. Harris's daughter, Elaine  
Holmes, who was at the fair with  
her four children.

From Seattle, they drove to  
Anacortes and boarded the ferry  
to Sydney, B.C., sailing through  
the beautiful San Juan Islands,  
one of the most scenic trips in  
the world. They had 4 o'clock tea  
at the Empress Hotel in Victoria,  
which was full of Scottish High-  
landers and Canadian Mounties  
due to the fact that Princess  
Mary, the aunt of Queen Eliza-  
beth, was visiting in the city that  
day. After spending two hours in  
the beautiful, world-renowned  
Butchart Gardens near Victoria  
the next day, they drove to  
Nanaimo where they boarded the  
CPR ferry, the Princess Patricia,  
the world's largest tug and train  
ferry.

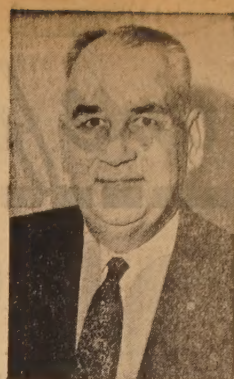

Dr. Harris and her party were  
thrilled by the beauty of the  
white arch with two flags, Cana-  
dian and American, flying over it  
at the border. It carries the in-  
scriptions, "Children of the same  
mother" on one side, and "May  
these gates never close" on the  
other. It was truly a memorable  
trip and the friendship of the  
people of Canada toward them  
filled their hearts with joy and  
gratitude.

There is a big program in com-  
munity development in Van-  
couver. It is under the auspices  
of three groups: the United Na-  
tions, the Canadian Association  
for the UN, and the University  
of British Columbia, with its beau-  
tiful campus within the city lim-  
its. A large number of carefully  
selected students from all over  
the world interested in learning  
about community development  
for their native countries will be  
studying there during the coming  
year.

Ralph Rhoda  
Speaker  
For Rotary

Tuesday, July 24, the Rotary Club  
of Albany will have as their guest  
speaker Ralph A. Rhoda, who has  
been associated with Berkeley  
Pump Company since 1939 and is

partment.

area's biggest sporting attrac-  
tions.

the East Bay, he attended the  
local schools and is a graduate of  
the University of California with

ber of the Berkeley Board of Edu-  
cation, of which he's a past presi-  
dent.

every Tuesday at Spenger's in  
Berkeley during the noon hour—  
meetings start at 12:10. Chair-  
man for next Tuesday's meeting  
will be Bernie Schrader, Rotary  
member since 1936 and presently  
associated with the Berkeley  
Pump Company. Bert Griffin,  
newly installed president, will  
preside.

In Vancouver, Dr. Harris visit-  
ed the Vancouver Chapter of the  
Canadian Association for the UN.  
This is the second largest chapter  
in Canada (Toronto being first),  
with a membership of 1,200. Mrs.  
Winifred Stevens is the director  
of the chapter and Dr. Harris has  
established a correspondence pro-  
gram with her which should be  
valuable to the two groups.

Mrs. Cavagnaro takes her grandson, Donald, on a final  
tour around soon-to-be-flooded Camanche.

84-year Camanche resident,  
Nettie Cavagnaro, says:

"Camanche can never be a ghost town"

A town's a precious thing.

We wish we could provide water for you and your children  
without flooding Mrs. Cavagnaro's home town. But we  
can't, and still build a reservoir.

Camanche Dam and Reservoir, essential to your \$283-  
million Water Development Program, mean that Cam-  
anche must disappear. But, as Mrs. Cavagnaro says, it  
will never be a ghost town.

We hope you'll remember the people of Camanche and  
their sacrifice for your future.
